SUPER PREMIUM CRAFT

“Dogfish has earned a cult following with its artisanal yet approachable concoctions”

— THE WALL STREET JOURNAL

- Our serious IPA brewed with an intermingling of mangos, apricots & ginger & then dry hopped with three varieties of hops.
- Romantic Chemistry opens with tropical fruit & hop-forward aromas followed by flavors of sweet pit fruit, mango & ginger.
- We've been brewing fruit-forward IPAs since 1996 when we introduced Aprihop, our IPA brewed with apricots. This tasty IPA is a lovingly crafted descendant in that long line of fruit & hop concoctions.
